To Whom It May Concern,

It is an absolute pleasure to recommend Leila Choobak for daycare services. From the moment I met her two years ago, it was very clear that she has a sincere love for and an utter devotion to children. When I walked through her door, her eyes went right to my newborn baby and she asked if she could pick him up and cuddle him. She formed an instant bond with him and it melted my heart to see my baby so comfortable and so at ease with this nurturing, attentive woman. Since that day, every day that my son is with Leila Choobak, I feel totally assured that he is getting the love and attention that he needs.

Leila is professional and organized. She keeps the roll of the parents and the roll of the daycare provider clear and consistent with regular communication and she always works with me so we are on the same page with behavior expectations of my son in order to ensure consistency. Leila has a routine she follows daily with the children so they know what to expect. This routine includes opportunities for social as well as academic development for the children such as circle time with singing of the ABC's, art projects, organized games, story time, and educational videos.

. Leila is courteous and personable. She is very receptive to my needs, such as my son's sensitive skin, and takes them seriously. Leila prides herself on developing relationships with all the families in her daycare. She takes the time to get to know everyone and enjoys learning about all of her different clients. I feel very lucky to have Leila in my family's lives and I consider her to be a total gem in the daycare profession. Any family would be extremely lucky to be a part of Suzie's Angels.

Sincerely,
