Suzie

7/30/08

Patrick and I would like to thank you for taking care of Evan the last two and a half years. Your home has been such an integral part of our lives, it is hard to believe today is our last day.

Together we have seen Evan develop from a tumbling toddler to an articulate, well-mannered little boy. You and your staff have been a great influence on his development the last few years and for this we are grateful.

I see that our son has thrived under your care. With your guidance he has learned about sharing and treating others with respect. We feel that Suzie's Angels provides a stimulating and loving ~~for~~ place for children, and that any child under your care will know the love and encouragement that our son has seen.

When we moved here from the mid-west, our family had a long transition to California living. You have made us feel like ~~you~~ a part of your family. We have looked forward to your Christmas Party every

year and we are honored to have celebrated the holidays with you.

We sincerely thank you for all that you have done. Please feel free to share this letter with any prospective clients or have them contact ~~me~~ ^{us} directly for a reference.

Sincerely,
Patrick + Shailem
McLory
