

RE: Letter of Recommendation

Aug 4th, 2008

To Whom It May Concern:

This is a letter of recommendation for Suzie's Angels and specifically for Suzie Choobak. We have been taking our son, Nate, there since he was 4 months old in October of 2005. Today he is 3 years old and we can tell you that under Suzie's care he has made many friends and enjoys the time he spends there. We've worked with Suzie both part-time (3 days a week) and full-time (5 days a week) and both experiences have been excellent.

We know that Suzie looks out for the best interest of the kids and the kids have a great time doing crafts, playing with toys, exercising at the park, and learning the alphabet. She continually goes the extra mile to provide fun activities for the kids to do and keeps new supplies for the kids including new toys, bubble machines, tricycles, and arts and crafts supplies.

Her house is always very neat and clean and Nate loves her cooking!

We consider Suzie part of our family. If you should want to speak to us about taking your son or daughter to Suzie's or have any questions please do not hesitate to call us.
